

Mision Para Cristo

a SMILE for a child at Christmas

1. Fill each box with special items from each of our eight main categories for a child between the ages of 2-12, male or female. As a rule of thumb, go to the dollar store and get 10 \$1 items!
2. Wrap the INSIDE of the box and then the lid separately (i.e. leave the lid off the box and wrap the inside of the box. Then wrap the lid, then place the lid over the box and **place a rubber band around box and lid**)
3. Place a tag (or just write in sharpie on the lid/wrapping paper) if it is for a boy or girl
4. Place \$5 in an envelope and return it with your box to Levi (NOT in your box)

Each Box Should Contain:

School supplies

1. 2 Pencils, a pencil sharpener, and a pen
2. Paper, notebook, etc.
3. Box of crayons
4. Sidewalk chalk

Personal Items

5. A toothbrush and toothpaste
6. A comb (and for girls: hair-clips, hair-bands, bows)

Clothing

7. One item of clothing (socks, t-shirt, flip-flops, baseball cap)

Toys

8. About 4 toys (think \$1 store): Small cars, balls, yo-yos, stickers, bubbles, & other small toys
--NO military, no guns, no camouflage, no battery-operated, and nothing in English--

Filler Items

9. Zip-lock bag of hard candy (lollipops, peppermints, or gum – no chocolate or things that will melt
All boxes are opened in group settings so they prefer each box to have similar contents (thus the list above). They do not have to be the same, obviously, but similar in contents and monetary value.
