Welcome to Highland View Church of Christ!

David R. Newman offers the challenge that "people ought to participate fully in both the worship and the outreach of the church" [Worship as Praise and Empowerment (1988). New York: The Pilgrim Press, p. 15].

This claim regarding the nature of the assembly helps us realize why we are here this morning.

We need to participate fully together in the activities of the assembly. A posture of passivity helps no one.

We also need to participate fully in the outreach of the church. Letting someone else do everything certainly does not help anyone.

This participating fully is a challenge we all need to accept in order for the body of Christ to be alive, vital, and healthy. May God give each one of us a deep desire to fully participate to the extent that we can in every facet of church life!

In Christian love, Curtis
