Welcome to Highland View Church of Christ!

An Act of the Will

With respect to getting anything out of the assembly on Sunday morning, one Christian writer made this observation:

"An act of the will is necessary to escape preoccupation with household duties and business cares and to focus upon the divine Reality...in our midst."

Because most churches have Sunday morning traditions that define how church is done weekly, if we are not careful, it is easy to drift into mindless activity.

It does take "an act of the will," being intentional with our focus and participation to make the Sunday morning assembly a vital and important aspect of our spiritual journey.

There are indeed so many distractions, I-phones being the worst(!), that take our attention and will away from whole-hearted participation. Let us encourage one another to be involved, to participate, and to direct our will toward the activities of the assembly where God is among us in a special way! In Christian love, Curtis
